Description by Jorge L. Alió

The “Miradas” competition was created by Jorge Alió, Journal of Refractive Surgery Editorial Board Member, and his wife, Maria Lopez, in 1998 with the intention of using artistic sensibility to bring society’s attention to the phenomenon of sight, vision, and blindness. “Miradas,” which means glances, is a contest in which artwork is sent from Spain and many international countries from the four continents for the Miradas International Artwork Competition every two years. Each cover of the Journal of Refractive Surgery features paintings that were submitted to this competition. “Miradas” is sponsored by OPHTEC BV, The Netherlands.
